

SMART NOZZLE

ANTI SPILL SYSTEM

SAY NO TO THIS...

The Cost:

- Clean Up
- Lost Product
- Increased Premiums
- Lost Business

SMART NOZZLE senses the liquid level and, upon contact, immediately shuts down the discharge system.

Ensures the driver stays with the hose end throughout the delivery.

Capable of 400 liters per min.

Fits standard industry nozzles.

Spillages Cost the industry over £14million annually - Don't become part of the statistic!
